

For those students who Dream Big and want to Make It Happen, here's your chance!

A promotional poster for the Internshala Trainings Young Achiever Scholarship. The background is a gradient of blue and teal, featuring a silhouette of a person standing on a cliff edge with one arm raised in triumph. The text is white and yellow. The main title is 'Internshala Trainings Young Achiever Scholarship' in a large, bold font. Below it is the tagline 'Helping students build their dream careers'. There are four bullet points with icons: a gear for 'Free training programs worth Rs 2 Lacs', a person icon for 'Any college student (UG or PG) Family income less than 2 lacs per annum', a clock for 'Deadline: 25th Feb 2018', and a cursor icon for 'Apply Today! Visit: internshala.com/i/yas_tnp1'. At the bottom left is the URL 'http://internshala.com' and at the bottom center is the 'INTERNSHALA TRAININGS' logo with a blue arrow pointing right.

Young Achiever Scholarship- It is a noble initiative by Internshala Trainings to encourage bright students who have the desire to learn but may not have adequate resources to do so. This bi-annual scholarship program aims to help the student community by providing them free online training programs worth Rs. 2 lakhs. 50 students will be selected for this scholarship award and will be given free access to any one of the 11 industry relevant training programs which include Web Development, Android App Development, Advance Excel, Digital Marketing, Python, and AutoCAD etc. YAS 2k18 is an opportunity for the students who dare

to Dream Big but are held back due to their financial constraints. Naveen Kashyap, a winner of this scholarship, fulfilled his dream of building Formula Prototype cars by learning AutoCAD training at Internshala. In his own words:

"In our college, there is a team, Pegastatem Motorsports, which builds Formula prototype cars for SUPRA SAE India and other national level contests. Getting into the team was a huge task itself as the required criteria were difficult and competition was high. Knowledge of AutoCAD was imperative for being a member of 'Roll Cage Design and Analysis team'. Since I knew it very well, thanks to the training, I stood out from the crowd and got through the selection process. I've come a long way since then and won many 2D drafting competitions held in the college."

Who is eligible for this scholarship?:

Any student (an Indian national) currently studying in a college (undergraduate or postgraduate) having a family income of lower than 2 lacs per year is eligible to apply for the scholarship, visit internshala.com/i/yas_tnp1.

Selection Criteria:

Your application will be evaluated on the basis of following criteria:

- 1. A sense of purpose:** Your objective of doing the specific training program [students will select the training they want to learn] and how that program may help you achieve your career goals.
- 2. Good academic background:** You should have a reasonably good academic background (10th and 12th percentage) along with no arrears in college exams.
- 3. An element of need:** Everything else being the same, the scholarship would be awarded to someone who is in a greater financial need.

So, go ahead, apply now and stand a chance to win a free training in your field of interest and gain industry relevant skills. The last date to apply is **25th February 2018** (midnight).

Have any questions, please write to scholarship@internshala.com.
